## PROTECTION MEASURES AGAINST COVID-19

Dear guests,  
we would like to inform you about the protection measures against COVID-19 which we take at our facilities:

- bed linen is disinfected by washing at 90 degrees,
- towels and dish towels are disinfected by washing at 90 degrees,
- protections for pillows and mattresses are disinfected by washing at 90 degrees,
- after the departure of a guest from the accommodation unit, we ventilate it until the arrival of another guest,
- all rooms are disinfected during cleaning using recommended agents,
- all objects at the facilities, such as handles, handrails, etc. are wiped using disinfectant,
- we disinfect the garden furniture after each guest change,
- garden furniture pillows are changed after each guest change,
- we use disposal cleaning equipment,
- we respect the social distance of 2 m,
- all guests are allowed a self check-in/out,
- the persons who clean the facilities regularly measure the temperature before entering,
- in case of fever, we contact the health institutions,
- the thermometer, masks and gloves are available on request,
- deck chairs by the pool and the shared terrace are disinfected after use.

Your hosts
